AN EXPERIENCE IN MEDICAL EXCELLENCE

12,13,14 NOVEMBER 2026

A CELEBRATION OF
MEDICAL KNOWLEDGE, CLINICAL SKILLS AND INNOVATION

ABOUT

SVS ETHOS 2026

WHERE MEDICAL LEARNING MEETS REAL-WORLD PRACTICE

Education • Training • Hands-On Learning • Skills

SVS ETHOS is an intercollegiate platform for MBBS students, bringing together hands-on clinical training, academic exploration, scientific communication and healthy competition.

Designed to complement classroom education, ETHOS gives students a space to work with clinical scenarios, develop practical skills, exchange ideas and test their reasoning alongside peers from across medical institutions.

LEARN • TRAIN • EXPERIENCE • LEAD

ETHOS aims to foster a generation of medical students who approach their profession with curiosity, competence, critical thinking and purpose.

KNOWLEDGE INFORMS. EXPERIENCE TRANSFORMS

SVS ETHOS 2026

ABOUT SVS MEDICAL COLLEGE & HOSPITAL

25+ YEARS OF HEALING. LEARNING. LEADING.

Established in February 1999,
Sri Venkata Sai Medical College & Hospital, Mahabubnagar, has grown from a 300-bed institution into a comprehensive centre for medical education, advanced clinical training and patient care. **Over 25 years**, SVS has become an important part of the region's healthcare and medical education landscape, with a strong emphasis on clinical exposure, experienced faculty and service to the community.

250	148	1100+	20+
MBBS Seats	PG SEATS	Hospital Beds	Departments

A CENTRE FOR ADVANCED CLINICAL LEARNING

The institution provides broad clinical exposure through its multidisciplinary teaching hospital, supported by **14 operation theatres, including 6 modular OTS** and a well-established dialysis centre. Its clinical and academic infrastructure includes advanced services and facilities areas such as **Cardiothoracic & Vascular Surgery, Cardiology, Neurology, Neurosurgery, Gastroenterology, Plastic Surgery, Robotic assistanted knee replacement facility, Advanced catch lab and 3 Tesla mri** alongside a dedicated skills lab environment for hands-on clinical and surgical training.

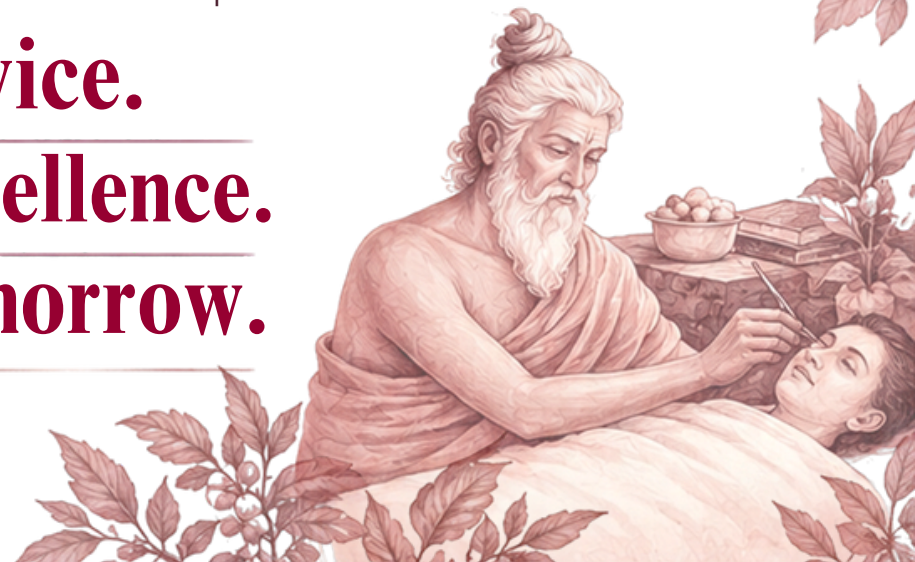

EDUCATION WITH PURPOSE

SVS brings together education, clinical practice, research and academic exchange. Its approach extends beyond the classroom through patient interaction, community outreach and opportunities for professional development encouraging students to grow into capable clinicians, thoughtful leaders and compassionate healthcare professionals.

A legacy of **service.**

A pursuit of **excellence.**

A vision for **tomorrow.**

BASIC REGISTRATION

Your Gateway to SVS ETHOS 2026

₹299 PARTICIPANT

MANDATORY FOR ALL PARTICIPANTS

Basic Registration is required before registering for or attending any workshop or academic event at SVS ETHOS 2026.

REGISTRATION INCLUDES

01 LUNCH

02 REFRESHMENTS

03 EVENING SNACKS

Food coupons will be provided to registered participants.

HOW TO REGISTER

01 BASIC REGISTRATION
Register online for ₹299 through www.svsethos.in

→

02 CHOOSE YOUR EVENT
Select your preferred workshop and/or academic event.

→

03 EVENT REGISTRATION
Complete the separate registration and applicable fee for your chosen event.

WHO CAN REGISTER?

MBBS STUDENTS & INTERNS

Open to participants from SVS Medical College and other medical colleges.

PLEASE NOTE

- Basic Registration is mandatory for participation in all events.
- Event/workshop registration fees are separate from the ₹299 Basic Registration fee.
- Lunch, refreshments and evening snacks are available only to registered participants.
- Accommodation is not included and must be arranged separately.
- Registration and payment are online only at www.svsethos.in

ACADEMIC
EVENTS

EVENT 01

Synesis

(Symposium)

A stage for undergraduates to dig into the theory behind medicine — not a research presentation, but a deep, literature-backed exploration of an academically meaningful topic, brought to life through a compelling audio-visual talk.

AT A GLANCE

TEAM SIZE	6–8 members per team — including 4 speakers and technical support
ELIGIBILITY	All undergraduates (interns included); each team should have participants of same college
TOPIC	Any medically relevant, theoretical topic from undergraduate curriculum
PRELIMINARY ROUND	Offline • 14 November 2026

ABSTRACT SUBMISSION

1. Submit a short abstract in the prescribed format, with all required documents, to the Symposium Team.
2. Obtain approval from the college with an attested authenticity letter.
3. If shortlisted, submit a detailed long abstract by the given deadline.
4. Plagiarism will not be tolerated, in any form.

ON STAGE

- No reference material may be carried on stage — speakers present entirely from memory and understanding.
- Total time on stage: 15 minutes, plus 2 minutes for technical setup.
- The audio-visual presentation itself must not exceed 10 minutes — 2 points are deducted for every extra minute.
- A 6-minute Q&A round follows every presentation.

JUDGED ON

TOPIC	Relevance, focus and appropriate scope
CONTENT & CLARITY	Accuracy, organisation and quality of information
DELIVERY	Communication, confidence and audience engagement
TIME & Q&A	Discipline within the time limit and quality of responses
INNOVATION	Creativity of the teaching approach and visual aids

LEARN. PRESENT. ENGAGE. TRANSFORM.

REGISTRATION

REGISTRATION OPENS
1st October

ABSTRACT DEADLINE
15th October

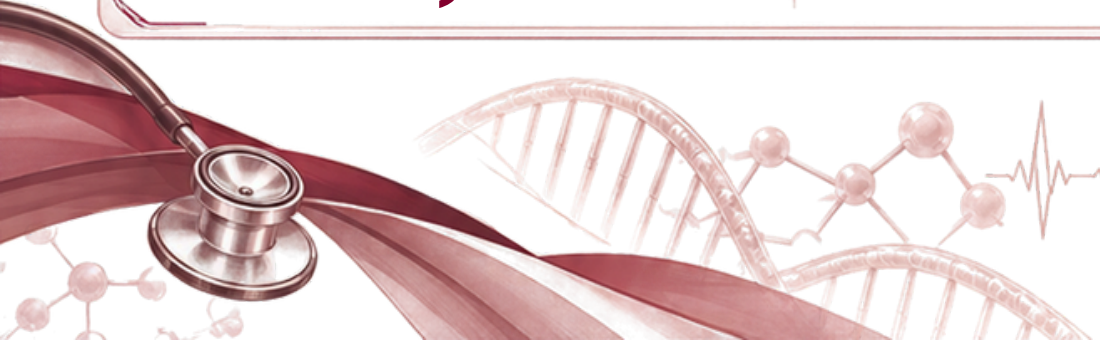

REGISTRATION FEE
₹599/-

For queries, contact:
DIVYA SREE • +91 90598 54031
DHRITI • +91 95151 09525

PRIZES

1st Prize
₹10,000

2nd Prize
₹6,000

EVENT 02

Cognitio

(Medical Quiz)

A fast-paced academic quiz built to test clinical knowledge, core concepts, problem-solving and split-second decision-making across every major medical discipline.

AT A GLANCE

TEAM SIZE	2 participants, from the same college
PRELIMINARY ROUND	Online — format shared with registered participants
FINAL ROUND	Offline — top 5 teams from the online round advance
VENUE	SVS Medical College & Hospital

RULES & GUIDELINES

1. Register within the stipulated deadline.
2. Each team must have exactly 2 participants from the same college.
3. The preliminary round is conducted online.
4. Shortlisted teams qualify for the offline final.
5. Offline-round details are shared directly with the finalists.
6. The quizmaster's decision is final.
7. Mobile phones and external resources are not permitted during the quiz.
8. Any malpractice results in immediate disqualification.

REGISTRATION

REGISTRATION OPENS
9th October

REGISTRATION CLOSES
14th October

FEE PER TEAM
₹199/-

For queries, contact:
SAI PRAKYA : +91 85558 10012
KEERTHI MANVITHA : +91 99666 53930

PRIZES

1st Prize
₹8,000

2nd Prize
₹5,000

EVENT 03

Ostensio

(Case Presentation)

An interactive competition built to sharpen clinical reasoning, diagnostic thinking, presentation skill and evidence-based decision-making. Participants present a genuine clinical case to a panel of experienced faculty judges, followed by open discussion.

ELIGIBILITY

- Open to undergraduate medical students only.
- Individual or team participation (final format to be confirmed).
- Participants may register under any one department:
  Medicine, General Surgery, Obstetrics & Gynaecology, or Paediatrics.

CHOOSING YOUR CASE

- Interesting or rare clinical cases
- Diagnostic dilemmas
- Classical presentations with an unusual twist
- Cases with a strong clinical learning point
- Cases with significant diagnostic or management challenges

All cases must be fully anonymised — no identifiable patient information.

RULES

1. A team may have up to 2 members, from the same college: individual entries are equally welcome.
2. Only one team member presents — but either member may field questions.
3. Each participant may present only one case and images are optional.
4. The case must be original and drawn from the hospital affiliated with your college; Also the abstract must be attached with an attestation letter from the respective Head of the Department. The authenticity certification format will be shared to all the registered participants.
5. Plagiarism of any kind leads to disqualification.

EVENT 03

Ostensio *(Case Presentation)*

ABSTRACT SUBMISSION

WORD LIMIT	300 words
FILE FORMAT	Word document (doc .docx)
FILE NAME	Registration ID_Subject_Name.docx
STRUCTURE	Title, patient identification data, chief complaints, history, examination findings, investigations, differential diagnosis, treatment, follow-up, references
ALSO REQUIRED	Scanned attestation form signed by the Head of Department

Selected online abstracts go on to present their case live, at the venue.

OFFLINE PRESENTATION

FORMAT	PowerPoint presentation
TIME	7 minutes, plus 3 minutes of Q&A
MEDICINE & SURGERY	The date is subject to change based on faculty availability. (Please check our Instagram for updates)
OBG & PAEDIATRICS	The date is subject to change based on faculty availability. (Please check our Instagram for updates)
VENUE	SVS Medical College & Hospital, Mahabubnagar

Please report at the venue before your allotted reporting time, with presentation files submitted before the session begins.

REGISTRATION

REGISTRATION OPENS
5th October

ABSTRACT DEADLINE
15th October

Registration fee per team
99/-

One winner for each subject

Subjects

- **Medicine** 3000rs
- **Surgery:** 3000rs
- **Pediatrics** 3000rs
- **Obg:** 3000rs

Bhavya Akshara: 79010 54178
Chaitanya: 63051 50077

EVENT 04

Elenchos
(Medical Debate)

A platform for structured, evidence-based argumentation on contemporary issues in medicine — where critical thinking is put to the test in front of a live panel.

EVENT FORMAT

1 Round 1 — Online Abstract Screening

- Teams register online and submit a short abstract on the assigned debate topic.
- Abstracts are evaluated by the judging panel.
- The top 4 teams advance to the offline round.

2 Round 2 — Offline Debate

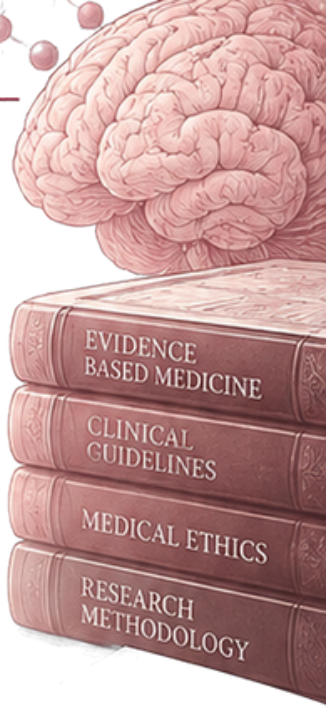

- Shortlisted teams debate live at the venue.
- Each team is assigned the Proposition or Opposition side.
- A structured format governs speaking and rebuttal times.
- Winners are decided by the judging panel.

ABSTRACT GUIDELINES

- Concise, relevant and evidence-based — within 250 words.
- Should clearly reflect your team's understanding of the topic.
- Arguments should draw on current medical literature or guidelines, wherever applicable.
- References may be included as appropriate.
- Plagiarised or previously published abstracts will be disqualified.

EVENT 04

Elenchos *(Medical Debate)*

EVALUATED ON (ONLINE ROUND)

RELEVANCE	How closely the argument tracks the topic
CLARITY	Structure and coherence of the abstract
STRENGTH	How well the arguments are built
EVIDENCE	Scientific and literature-based grounding
ORIGINALITY	Critical, independent thinking
OVERALL QUALITY	Polish of the presentation

RULES & GUIDELINES

1. Each team has 2 – 4 participants, all from the same college.
2. The debate topic is shared with selected participants a week before the event.
3. The Proposition / Opposition side is assigned by the organisers.
4. Participants must strictly keep to their allotted time.
5. Arguments must stay professional, respectful and medically relevant — no personal remarks, offensive language or unsupported claims.
6. The judges' decision is final and binding.

PRIZES

WINNER	**₹ Rs. 8,000/-**
RUNNER-UP	**₹ Rs. 5,000/-**
CERTIFICATES	Provided to all eligible participants

REGISTRATION

REGISTRATION OPENS	REGISTRATION DEADLINE	FEE
7th October	**15th October**	**199/-**

Student Co Ordinator: **Niharika: 93984 28520**
Satwik: 94948 84110

EVENT 05

Medflix
(E-Poster)

A test of clinical knowledge, creativity and communication — condense a genuine clinical case into a single, visually compelling digital poster.

AT A GLANCE

SUBJECTS	Medicine • Surgery • Obstetrics & Gynecology • Paediatrics
ELIGIBILITY	Undergraduate medical students, same institution, individual or team of up to 2
SUBMISSION FORMAT	Digital PDF
ORIENTATION & SIZE	Portrait, A1

POSTER GUIDELINES

- The poster must be original, prepared specifically for this competition and scientifically accurate and referenced.
- Include an attestation from the Head of Department, and attach the letter along with the poster. The template of the letter will be shared to the registered participants.
- The case must belong to your affiliated hospital.
- Plagiarised or previously published posters may be disqualified.
- Patient information must be completely anonymised.

DESIGN NOTES

- Clear headings, readable fonts, and well-placed figures and tables.
- Keep it to one page — concise over comprehensive.
- Images, graphs and illustrations should be sharp, high-quality and clearly labelled.

SUGGESTED STRUCTURE

FOLLOWS	The structure of a standard case report
SECTIONS	The template of the sections will be shared with the registered participants

IMPORTANT INSTRUCTIONS

- One poster per participant or team.
- Keep the title concise and reflective of the content.
- Avoid unnecessary animation, excess colour or decorative elements.
- Define every abbreviation at first use.
- Follow a standard citation style for all references.
- No patient-identifiable information or photographs without appropriate consent.
- No changes are permitted once a poster is submitted.
- The organising committee reserves the right to reject posters that don't comply with these guidelines.

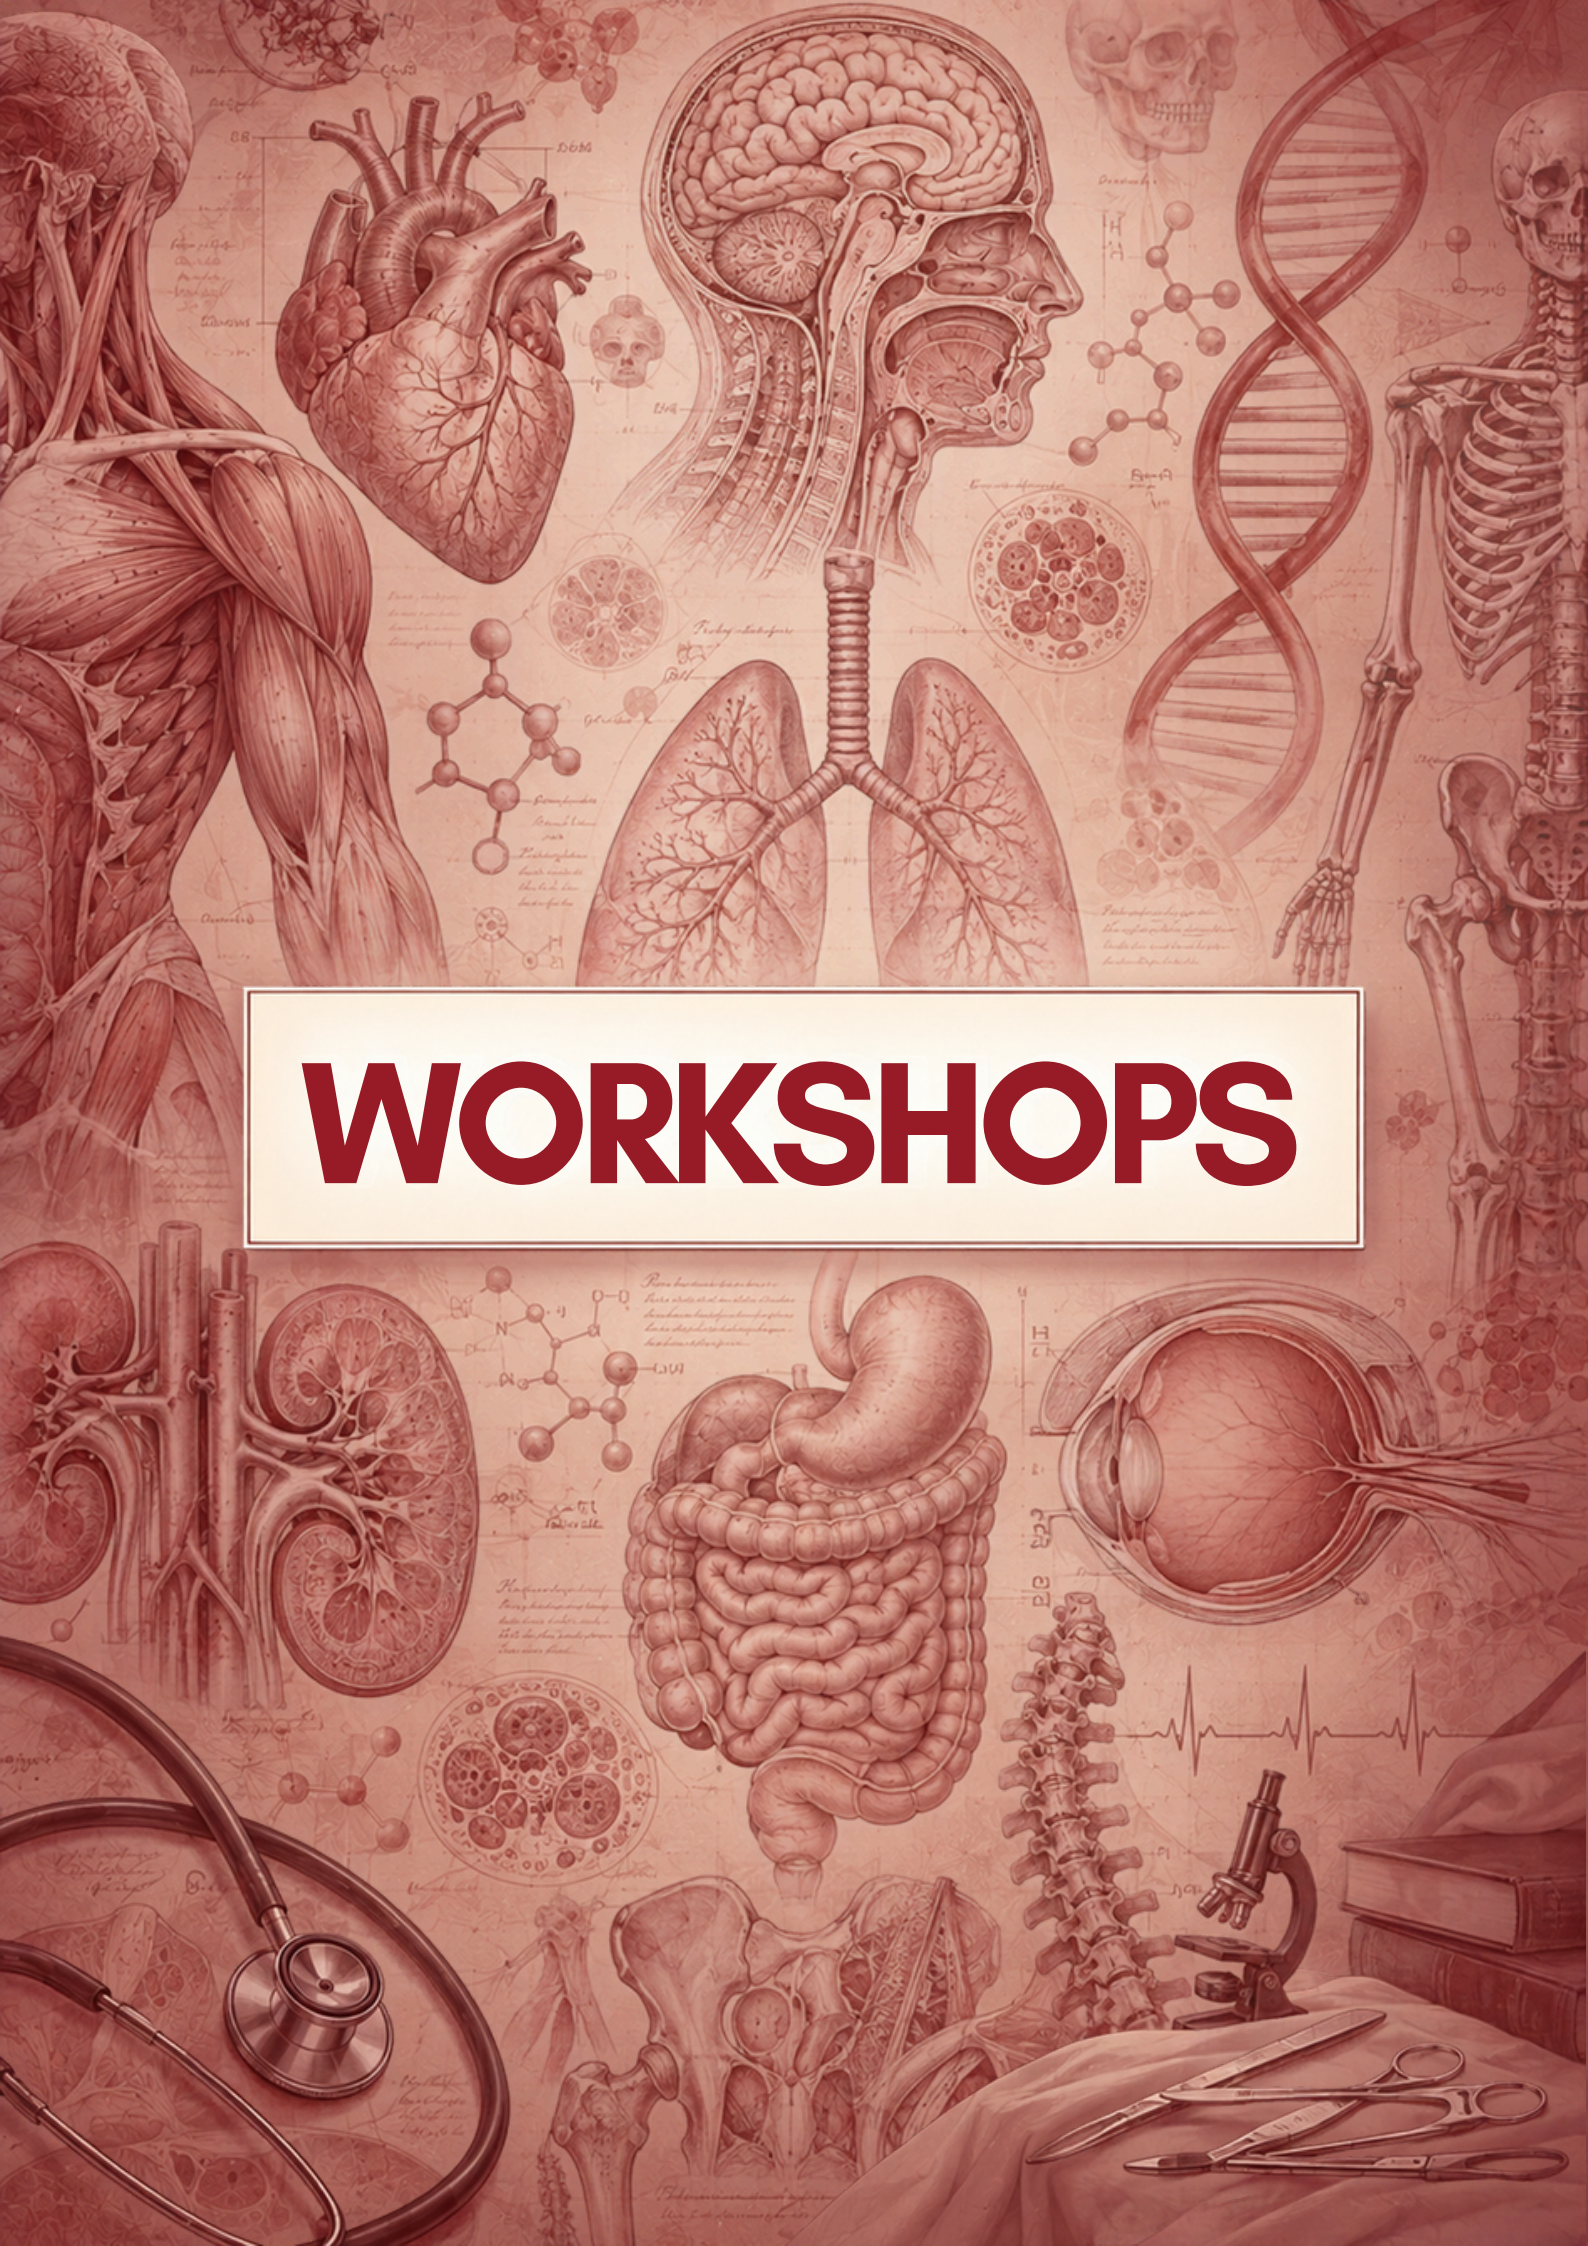

REGISTRATION

REGISTRATION DATE	POSTER DEADLINE	FEE
3rd october	15th october	59/-

For queries, write to:

Namitha: 96661 68137
Sindhura: 93917 03981

WORKSHOPS

SVS ETHOS 2026

WORKSHOPS

WHERE KNOWLEDGE BECOMES SKILL

For the first time at SVS, ETHOS introduces a fully hands-on workshop experience built around focused, small-group training. Participants work directly with clinical techniques, equipment and real-world scenarios, with personalised guidance from experienced faculty and trainers.

From life-saving resuscitation to surgical precision and essential OBGYN skills, every workshop is designed to move beyond demonstration and give participants the opportunity to perform, practise and refine.

01

AHA-CERTIFIED BLS

BE READY WHEN EVERY SECOND COUNTS.

A focused, hands-on experience in essential Basic Life Support skills, aligned with American Heart Association standards, preparing participants to respond confidently to cardiac emergencies.

02

IRCF BLS WORKSHOP

RECOGNISE. RESPOND. RESUSCITATE.

Practical, scenario-based BLS training focused on building the confidence and competence to recognise emergencies and initiate effective life-saving measures.

03

BASIC SURGICAL SKILLS — BSS

PRECISION STARTS WITH PRACTICE.

A dedicated skills lab experience covering essential surgical techniques, including instrument handling, suturing and knot-tying, with guided hands-on practice.

04

OBG SKILL VERSE

FROM THEORY TO THE CLINICAL FLOOR.

An immersive OBGYN skills experience where participants practise essential clinical techniques through hands-on stations and guided simulation, bridging classroom knowledge with clinical application.

LEARN. PRACTISE. MASTER.
